

FIRED EARTH

KITCHENS

MODERNE *by* CHARLES SMALLBONE

Moderne kitchen in Malm and Burnt Juniper with Net stools and a Black AGA

Moderne is Fired Earth's first fitted kitchen and is available with a complete design and fitting service. The collection has been designed by Charles Smallbone for Fired Earth drawing on his expertise in kitchens and, offers solutions that work well in both contemporary and traditional homes. Made from beech and oak veneer from sustainable sources, and with a range of painted finishes, the Moderne collection is a new concept in affordable luxury. Quality is key to the Moderne collection, handcrafted in France exclusively for Fired Earth by our sister company, Grange, close attention has been paid to clever detailing and accessorisation.

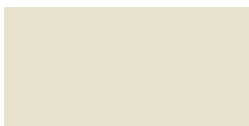

'A kitchen is about space, function and aesthetic and you have to get all three right. We wanted to create a system that would work in every home. Individuality can be achieved with accessorisation and through the materials used. The detail is all-important – mirrors in cupboards create a feeling of light and space, glass shelves add a luxurious dimension and there's real beauty in the simplicity of the design.' Charles Smallbone.

Fitted Kitchen Service

Fired Earth offers a full design and installation service for the Moderne kitchen, initially within the M25 area.

- **Bring along your plans** or dimensions and meet our in store kitchen specialist who will discuss your initial requirements, budget and book an appointment for a designer to visit your home.
- **Your Fired Earth designer** will meet you at home to discuss your design brief, measure-up, and advise on the choice and suitability of products.
- **A showroom presentation** will be arranged to agree the design and subject to payment of a release fee the plans will then be made available to you.
- **A Technical Site Survey** will then be booked for you to meet the Designer and Installation Guild member at your home to check dimensions and utilities.
- **An estimate** will then be supplied including the cost of the kitchen products and their installation. Estimates may also be obtained for Additional Works such as construction, plastering, plumbing, tiling, electrical works etc
- **A deposit** will be requested on acceptance of the estimate and the project will then be fully managed by a Fired Earth Installation Guild Member.
- **There is a 12 month warranty** on the kitchen and its installation from signed off completion of the project.

Note: Fired Earth designers are able to specify a wide range of appliances from the AGA Rangemaster Group including range cookers, refrigeration, dishwashers and cookware.
